

Testimonials

Letters from our residents and their families

After living in Owensboro all of our lives, we have seen the care and compassion in long term care facilities, and we have been with those who lack a genuine interest in others. We are so fortunate to have a facility like Fern Terra in Owensboro. It's not only beautiful but the staff really makes the difference. They care and have compassion, smiles and encouragement, and a genuinely friendly attitude.

Andy & Wanda Anderson

We love living at Fern Terra. The amenities, location, staff and employees are fantastic. It's a beautiful place.

Gertie & George Greenwell

Living at Fern Terra ever since it opened has been a wonderful and rewarding experience.

The facilities are beautiful and well maintained. The activities all encompassing. But even more important is the caring of the staff. They really go out of their way to be helpful.

Ann Murphy Kincheloe

My mother didn't want to leave her home until she saw Fern Terra. No more lawn work, cable problems or worrying about what to eat every night. What our family loved was that she was safe and in the care of true professionals. It became her favorite home where she made some wonderful new friends.

Kirk Kirkpatrick

My mother, Rachel Thacker, enjoyed her time at Fern Terra. Everything was just excellent for her and the food and surroundings were great. My mother never met a stranger and for that reason she made and met a lot of friends there. Again, a wonderful facility and a real asset for Owensboro.

George Thacker
